- **THE FUND MANAGER IS NOT LIABLE FOR ANY LOSS UNLESS UPON WILLFUL DEFAULT, BAD FAITH OR GROSS NEGLIGENCE.**

OUTLOOK AND STRATEGY

Market Review. The JP Morgan Asia Credit Index (JACI) Philippines rose by 1.77% in February, bringing the year-to-date gain to 1.99%. Philippine dollar-denominated bond yields declined as US Treasury yields fell by 21 basis points on average for the month. Market participants raised their policy rate cut expectations in the US after a slew of weaker-than-expected economic data. US consumer confidence dropped by 7 points to 98.3 in February, the lowest level in eight months. At the same time, the US Composite S&P Purchasing Managers' Index declined to 50.4, also the lowest in 17 months. Later in the month, it was reported that US Personal Consumption Expenditures (PCE) Price Index eased from 2.9% in December to 2.6% in January, closer to the central bank's inflation target of 2%.

Fund Performance. The Fund returned 1.72% for the month, outperforming its benchmark by 12 basis points. Year-to-date, return amounted to 2.12%, outperforming its benchmark by 15 basis points.

Fund Strategy. The Fund looks to maintain its duration position as interest rates are expected to decline in the medium term. Global events remain likely to add volatility. Investors in a bond fund must be prepared to withstand volatility as higher investment value is typically achieved over the medium to long term.
