*Billings received for 2018 divided by the average daily NAV

INVESTMENT OBJECTIVE AND STRATEGY

The objective of this Fund is to attain long-term capital growth for Peso investors. To achieve this, the Fund will be invested in a concentrated portfolio of stocks listed on the Philippine Stock Exchange. The Fund seeks to outperform the Philippine Stock Exchange Index (PSEi).

CLIENT SUITABILITY

A client profiling process shall be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

The Odyssey Philippine Equity Fund is suitable only for investors who:

- Are at least classified as aggressive based on their risk profile
- Have an investment horizon of at least five (5) years

KEY RISKS AND RISK MANAGEMENT

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

Equity Price Risk:	The Fund invests in a concentrated portfolio of stocks listed in the Philippine Stock Exchange, exposing investors to potentially larger losses from a decline in stock prices, compared to funds tracking the index or employing a value style bias/ strategy. Decline in stock prices may be brought about by adverse stock market conditions, unfavorable company earnings and valuations and/ or negative developments in domestic and global political and economic conditions.
Liquidity Risk:	Investors are exposed to the risk of loss due to the Fund's inability to convert equity holdings to cash immediately or in instances where conversion to cash is possible but at a highly disadvantageous price due to limited buyers/ sellers in the market, low trading volumes or market disruptions, among other reasons/ factors.
Related Party Risk:	Investors are exposed to actual or potential conflicts of interest in the handling of related party transactions by the Trustee, specifically, time deposit placements with the Trustee's own bank and/ or its subsidiary, purchase of equity securities issued by related parties, as well as the execution of trade transactions with related counterparties.

The Fund's investment outlets undergo proper screening and evaluation in accordance with the Trustee's accreditation process and minimum regulatory requirements. Regulatory exposure limits and asset allocation ranges as provided in the Fund's Plan Rules are strictly adhered to and monitored on a regular basis. The Fund may also use financial derivatives to hedge the portfolio against market and credit risks.

*Related party in accordance with BPI' AMTCs internal policy.

OUTLOOK AND STRATEGY

Market Review. The local bourse index tumbled to end 2021 following the sharp rise in the number of COVID-19 cases. A suspected new variant called “Omicron”, along with the traditional holiday gatherings propelled a new surge. The alarm bells sounded-off and the government swiftly responded by enforcing a stricter quarantine measure – Alert level 3 in the National Capital Region from January 3 to 15. The PSEi declined by 1.09% month-on-month, to close 2021 at 7,122.63. For the year, the Philippines slipped by 0.24%.

In terms of market activity, the month of December gained more traction with Average Daily Turnover rising by 15.4% to US\$232.89 million. For foreign activity, foreigners continued to be net buyers with US\$1.72 Bn worth of inflows. Foreign participation was at 45%, lower than 49% recorded in November.

For this month’s individual stock performance, the main advancers are as follows: MBT (+11.62%), AEV (+10.90%), and TEL (+7.86%) while the laggards were BLOOM (-19.13%), SMPH (-9.36%) and JFC (-7.90%).

Fund Performance. The fund returned -0.95% in December outperforming the benchmark by 14 bps. Year-to-date, it outperformed the benchmark by 6 basis points with a return of -0.18%.

Fund Strategy. We remain strategic long-term buyers of Philippine equities on the back of economic recovery, favoring quality names and position on cyclicals. We will continue to be nimble and take advantage of tactical opportunities.

LIST OF PROSPECTIVE INVESTMENTS

The following are among the Fund’s approved investment outlets, wherein the Trustee intends to invest depending on strategy, availability, or other market-driven circumstances:

- a) Common shares, preferred shares, and convertible preferred shares listed on the Philippine Stock Exchange;
- b) Shares offered in an Initial Public Offering (IPO), provided that the company will be listed on the Philippine Stock Exchange within the normal listing period (approximately 30 days from the start of the offer period);
- c) Bank Deposits;
- d) Primarily short term securities issued by or guaranteed by the Philippine government, or by the BSP;
- e) Primarily short term tradable securities issued or guaranteed by multilateral institutions such as the Asian Development Bank (ADB), International Monetary Fund (IMF), and World Bank;
- f) Primarily short term exchange-listed securities;
- g) Primarily short term marketable instruments that are traded in an organized exchange;
- h) Primarily short term loans traded in an organized market; and
- i) Such other tradable investments outlets/categories as may be approved by the relevant authority and allowed by the BSP.
