INVESTMENT OBJECTIVE AND STRATEGY

The Fund intends to achieve for its participants investment returns that track the performance of the BPI Philippine Infrastructure Equity Index by investing in a diversified portfolio of stocks in the same weights as the index, to the extent practicable.

CLIENT SUITABILITY

A client profiling process shall be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust / Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

The BPI Invest Philippine Infrastructure Equity Index Fund is suitable only for investors who:

- Are classified as aggressive based on their risk profile
- Have an investment horizon of more than five(5) years.

KEY RISKS AND RISK MANAGEMENT

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

Equity Price Risk: Investors are exposed to adverse changes in the prices of stocks listed in the Philippine Stock Exchange, which may be brought about by adverse stock market conditions, unfavorable company earnings and valuations and/ or negative developments in domestic and global political and economic conditions.

Liquidity Risk: Possibility to experience losses due to the fund's inability to convert assets into cash immediately or in instances where conversion to cash is possible but at a highly disadvantageous price.

Related Party Risk: Risk of any actual or potential conflicts of interest in handling of related party transactions.

Index Tracking Risk Investors are exposed to the risk of not being able to achieve a level of return that matches the index being tracked by the Fund due primarily to operating and fund management expenses.

In accordance with the provisions in the Declaration of Trust, the Fund employs a risk management policy based on duration. The Fund may also use financial derivatives to hedge the portfolio against market and credit risks
