KEY RISKS AND RISK MANAGEMENT

Equity Price Risk: Investors are exposed to adverse changes in the prices of stocks listed in the Philippine Stock Exchange, which may be brought about by adverse stock market conditions, unfavorable company earnings and valuations and/ or negative developments in domestic and global political and economic conditions.

Liquidity Risk: Possibility to experience losses due to the fund's inability to convert assets into cash immediately or in instances where conversion to cash is possible but at a highly disadvantageous price.

Related Party Risk: Risk of any actual or potential conflicts of interest in handling of related party transactions.

Index Tracking Risk: Investors are exposed to the risk of not being able to achieve a level of return that matches the index being tracked by the Fund due primarily to operating and fund management expenses.

In accordance with the provisions in the Declaration of Trust, the Fund employs a risk management policy based on duration. The Fund may also use financial derivatives to hedge the portfolio against market and credit risks.

⁴ BENCHMARK INFORMATION

Name: BPI Philippine Infrastructure Equity Index

Description and Key Characteristics: The BPI Philippine Infrastructure Equity Total Return Index (the Index) is sponsored by the Bank of the Philippine Islands (the Sponsor). The Index intends to reflect the performance of listed common equity securities denominated in Philippine Peso of Philippine companies in the infrastructure industry. It is intended to be a template for passive, diversified equity investment portfolios where securities are held in proportion to the market value of the issued securities. It aims to provide accurate and objective benchmarks by which to assess the performance of the Philippine stock market.

Relation to the Fund's Objective or Investment Strategy: Being a passively managed fund, the Trustee has to track discretion to track the Fund's investments and is bound by the components of its thematic benchmark. The Trustee therefore refers to the BPI Philippine Infrastructure Equity Index members and their computed weights when constructing the Fund's portfolio and performs risk management measures to ensure that the deviation from the index remains within the fund's policies and objectives. The BPI Philippine Infrastructure Equity Index is constantly used by investors to gauge the performance of the Fund.
